## ILBY COMMITTEE TO MAKE A REPORT TO GOVERNOR SOON REGARDING STRIKE

Sheehan, Durr and Hobbie Com-  
plete Their Investigation  
in Birmingham

DECLINE TO COMMENT  
ON THE INFORMATION  
Committeemen Refuse to Make  
Public Any Part of Their  
Conclusions

MONTGOMERY, Ala., March 7. — Governor Kilby will receive the report and recommendations of his personal representatives in the investigation of the controversy between the coal operators and union miners of the Birmingham district Tuesday and Wednesday. The representatives — William T. Sheehan, John W. Durr and Richard M. Hobbie — returned to Montgomery Saturday from Birmingham where they spent a week investigating the causes leading to the strike of the members of the United Mine Workers of America last September, receiving the statements of operators and miners and making personal inquiry into conditions at the various mines.

Mr. Sheehan, spokesman for the delegation, announced that the Government representatives would meet Monday to begin the correlation of all records and information shedding light on the strike and the causes and preparation of the report and recommendations. The committee is expected to confer informally with the governor during Monday. Governor Kilby left the capitol before noon Saturday for a week-end visit to his home in Annapolis, and could not see the committee, which did not arrive until in the day.

Mr. Sheehan declined to discuss any information gained by the committee during its inquiry, did state that they found no bitterness but instead an indication of fairness on the part of both the operators and miners. He said the committee received any statement which any person desired to make and had obtained all facts and intentions of both sides. In addition, the Governor's representatives went over a greater part of Jefferson county in its investigation of conditions at the various mines, both union and non-union.

The committee had decided to make written report and recommendations to the Governor, but has insisted always that it be understood the Governor has reserved the right to reach decision not recommended by the committee or to make whatever disposition he desires of the records, information and the committee.

Within one hour after his body had been found in a secluded portion of military warehouse at Camp Sherman, William B. Walde, known by his friends throughout the state as "String Beans", one of the most popular fellows ever connected with the Alabama National Guard, died in a local hospital about noon Saturday. Death resulted from a bullet which passed through his head. No one knows how the wound was inflicted.

Information reached the capitol today of the conviction of three business men at Albany on charges of violating the state child labor laws. They were fined ten dollars and costs each for working boys after the hours permitted by the laws and without obtaining employment certificates.

Voters of the Fourth Congressional district will select a successor of Congressman Fred L. Blackmon, deceased, at a special election June 7. Governor Kilby issued a proclamation Saturday setting the election for that date. At the same time the Governor issued writ of election to the sheriffs of Calhoun, Chilton, Cleburne, Dallas, Shelby and Talladega commanding them to make all preparations for the election on that date.

The election was set for June in order that Democrats and Republicans may have ample time for the nomination of their candidates for the office. The Democrats will call a special primary at a meeting of the state executive committee at Birmingham Monday. It is expected the Republicans will make their election in convention.

## SCOTTSBORO HEARS ATTACK IS COMING AGAINST THE JAIL

(International News Service)

SCOTTSBORO, Ala., March 7.—Scottsboro is today at fever heat as a result of rumors that 100 white robed nightriders are marching upon the city with the intention of releasing the nine members of the band held here.

Eleven men are held charged with nightriding. Two of them, Jodie Beavers and John Brown, who were given preliminary hearings here last Friday and placed under bond of \$3400 each to await trial in the Circuit court, were transferred to the Madison county jail at Huntsville. Nine men, arrested Sunday near here, are in the Jackson county jail awaiting hearing. They are said to be members of the Tenant Farmers Union.

Detectives turned up nine men arrested Sunday on charges of taking three non-union tenants and one woman from their homes and whipping them. The officers arrested four of the men yesterday and while bringing them to jail were attacked by a crowd of friends of the prisoners and a gun fight ensued. No one was badly injured. The officers captured five of the attacking party.

The situation is tense in the county. The Tenant's Union claims 5,000 members. All sides concerned are unconcerned under arms. The Tenant's Union is holding a meeting here today in which all this violence will be repudiated and good authority states tenant leaders in the union will withdraw and order the disbanding of the organization and will aid in apprehending those responsible for nightriding.

Officers have taken proper steps to protect the prisoners, and preserve order. No attempt to liberate the prisoners was expected this afternoon. Many more arrests in the matter are expected. It may be necessary to call an extra session of the criminal court to try the cases as the criminal docket already is crowded.

### "REDS" BAYONETS UPHOLD SOVIETS; TROOPS WAVERING

LONDON, March 7.—The bayonets of the Red army were still upholding the authority of the Russian soviet against the anti-Bolsheviks but the loyalty of the troops was reported to be wavering, according to an Exchange telegraph dispatch from Helsinki.

"Extensive fires have broken out in Petrograd. The loyalty of the Soviet troops is wavering. In Moscow, Reds in armed cars are patrolling the streets and are using artillery against the striking workmen", according to a Finnish report.

All the local Soviet officials at Pskoff were killed by rebels. The last train from Siberia came through two weeks ago.

"The Red garrison at Pskoff mutined on Sunday. The Red guards and workmen defeated the special communist troops that had been sent against them. They arrested and killed all local Soviet officials."

## BIG CROWDS HEAR INITIAL SERMONS OF NEW PREACHER

Large audiences attended services at the First Presbyterian church of Decatur yesterday at both the morning and evening hours. As the Baptist and Methodist congregations of Decatur, attended at night that service was very largely attended. This meeting was held jointly as a mark of respect for Dr. John D. Wallace, formerly of Opelika, who formally assumed the duties of pastor of the First Presbyterian church yesterday.

A number of familiar hymns were sung by the united congregations at the opening last night after which prayers were offered by Dr. Davison, of the First Methodist church, and by Dr. Davison, of the First Baptist church.

Dr. Wallace preached from the text "Laying aside every weight and the sin which doth so easily beset, let us run with patience the race that is set before us, looking unto Jesus the author and finisher of our faith."

Dr. Wallace's morning sermon was based on the words "Go forward", Exodus 14:15. The preacher said that God ordered an advance of the Israelites in the face of much great difficulties than face Christians today. He said that the darkest hour in human history, was not the time of Christ's crucifixion but the day Moses stood between God's purpose to destroy Israel, because of the murmurings of that people.

"When the English army stood before Ladysmith in the Boer War", declared the speaker in a subsequent part of his discourse, "soldiers who were known to have discouraged their comrades, were shot to death, before Ladysmith was attacked. It may be best if some were turned out of the church, not that we desire their separation or destruction, but because their voice is raised against progress, and because influence tends to defeat Christ's purposes."

The propositions submitted by Dr. Wallace, and substantiated by logic, scripture quotations, and human experience were as follows: It is God who commands and the church must obey. Obedience implies, First—Fear of the enemy and consciousness of his strength. The Egyptian Pharaoh, was made a type of Satan, and Moses a type of Christ. Second—There must be real love for God. Third—Full confidence in God. Fourth—Prompt decision and action.

Dr. Wallace taught that as Israel marched against a sea wall, at the command of God, so all people who succeed must obey their highest impulses. God's promises insure success. His dealings with His people in the past illustrate it. "Obedience reaps full success only through the power of the Holy Spirit. By the Spirit's help God's will can be done. The preacher devoted the latter part of his sermon to impressing on his hearers the importance of the prayer life. Joseph Hardy Neesima was quoted as saying that all progress was won "by advancing upon your knees."

## FARMERS UNION OF LAWRENCE MEETS

The Farmers Union of Lawrence county will hold a rally meeting Thursday at Caddo, it was announced here today. The Agitation Committee of the Central Labor Union of Albany and Decatur will attend the meeting.

A number of address by well known speakers are scheduled and a large attendance is anticipated. The organization has enjoyed rapid growth in Lawrence county during the past few months.

## APPEAL ISSUED TO MAINTAIN SERVICE WHILE MEDIATION LOOMSON A. B. & A.

Representatives of Board Will  
Arrive in Atlanta Dur-  
ing the Day

UNION LEADERS DENY  
STRIKE VOTE RUMORS

Receiver Bugg Declares Plans  
Being Made to Resume  
Operation

(International News Service)  
ATLANTA, Ga., March 7. — A appeal to both sides of the Atlanta Birmingham and Atlantic wage controversy has been made by the United States mediation board, to maintain service pending conferences which are to be taken up immediately.

Representatives of the mediation board will arrive during the day and immediately will go into session with the representatives of the railroads and the union.

Heads of the various union vigorously deny that a strike vote is being taken on other lines entering Atlanta. They declared they would, in no way, oppose any effort to operate trains and have cautioned the men against the invasion of company property or interfering in any way with the operation of the road. They also entered strenuous denial of a report that there had been an effort to wreck train Number 4 late Saturday. They declared this train did not run.

Receiver Bugg stated this morning that he is doing everything possible to resume the operation of trains.

Much suffering will come to upwards of 200,000 Georgia citizens who live along the line of the railroad if traffic is suspended for any great length of time, and more than 1,000,000 persons will be inconvenienced, W. W. Croxton, passenger agent of the road, stated today.

## AMERICAN NOTE IS PUT BEFORE SOLONS

(International News Service)

BALBOA, C. Z., March 7.—President Porras, of Panama, announced that he would refer Secretary of State Hughes' warning note on the Panama-Costa Rica clash to the Panama national assembly this afternoon.

The President said he would abide by any decision reached by the national assembly. He expressed regret that Secretary of State Hughes made Chief Justice White's territorial award the basis of mediation; pointing out that Panama had rejected White's decision seven years ago.

It was understood the national assembly would reject the American offer of mediation on the grounds that the constitution of the Republic recognizes only the Loubet award and not the award of Chief Justice White. Quantities of arms and ammunition are being received in Panama and soon the government will have about 500 well equipped soldiers at Sixaola river, the scene of the disputed territory.

## Harding Decides on New Session Soon

(International News Service)  
WASHINGTON, March 7.—President Harding will decide upon the date of the special Congress before tomorrow, he today informed Senator Underwood, of Alabama.

Senator Underwood said he believed that the special session would not be called until early in April.

A record egg, laid by a local hen, today was being displayed and attracting much interest in the Twin Cities. The egg, which measures 8 inches around the longest way and 7 inches around the shortest way, has a weight of 5 ounces. It was laid by a white Wyandott at the home of Mrs. A. R. Thomason, Canal street, Decatur.

## WATER PATRONS WATCH OUTCOME OF LEGISLATION IN MORGAN'S COURT

Supreme Court Probably Will  
be Asked for Final  
Decision

INJUNCTION REMAINS  
IN FORCE FOR TIME

Contempt of Court Case Dis-  
missed by Judge Kyle  
Saturday

Water patrons in all communities where recent water rate advances have been given will watch with interest the outcome of the litigation started here by A. D. Cohen and which probably will be taken to the Supreme court for a final decision. The litigation is declared to involve the termination of water service by public service companies, pending the settlement of controversies over water accounts.

The latest step in the litigation was taken Saturday afternoon when Judge O. Kyle dismissed the contempt of court phase from the case and continued in force the restraining order prohibiting the company from cutting off the water supply at the Cohen residence, Sixth Avenue.

Several days ago Mr. Cohen, through his attorney, T. C. Almon, filed a bill in equity in the Circuit court requesting a restraining order be issued against the water company. Before the papers were served, it was stated, the water service was interrupted. The company was cited to appear in court and contempt of court proceedings were threatened. Water service then was restored.

The hearing Saturday afternoon before Judge Kyle was the aftermath of the earlier proceedings.

## THREE ARE SHOT DURING NIGHT RAIDS

(International News Service)

DUBLIN, March 7.—George Clancy, mayor of Limerick, Chancellor Michael O'Callaghan, former mayor of Limerick, were both shot in their homes at Limerick early today.

Clancy was attacked in his bed at 1:30 o'clock by a band of armed men who had broken into his home. His wife was badly wounded trying to defend him. She died later.

The killings were similar to the murder of Lord Mayor Thomas Mac Curtain at Cork a year ago; both were dragged forcibly from their beds. As the attackers began firing at Clancy Mrs. Clancy threw her own body before her husband, one of the bullets intended for the mayor striking her.

## HERE'S CHANCE TO GET FREE TICKET

Here's your opportunity to win a free ticket to the matinee performance of Hans and Fritz at the Masonic next Saturday afternoon. In today's Daily are two pictures of Hans and Fritz, needing a slight readjustment of their facial features.

To the 25 boys or girls who submit to The Daily the best pictures of the rejuvenated faces, tickets will be awarded. All drawings must be in this office by Thursday evening, March 10. The names of the prize winners will be published Friday afternoon. It is necessary that the names and addresses of the person submitting the drawing appear on it as all tickets will be mailed to the winners. It is unnecessary to come to the office in regard to the tickets.

## Want Ad Finds A Lost Brooch

Daily wants ads scored again Saturday when Mrs. J. Murphree recovered a handsome and valuable brooch through the medium of The Daily advertising columns. The brooch was found by Miss Laura Pride, who saw Mrs. Murphree's advertisement and promptly notified the latter of the find. "The Daily will find almost anything, I am convinced of that," said Mrs. Murphree.

## ALLIED TROOPS MOVE TUESDAY INTO GERMANY

(International News Service)

LONDON, March 7.—Premier Lloyd George announced this afternoon when the indemnity conference reconvened that the allies, being dissatisfied with the counter proposals, made so far by the Germans, have decided to put the penalties into effect at once to compel German obedience to the allied reparation decision.

"I regret to state on behalf of the allies that not only are the German proposals inadequate, but despite the interval since our last meeting, there is not sufficient advance in the negotiations to justify the postponing of the penalties any longer," said the British premier.

Allied troops will begin advancing into Germany from the Rhine tomorrow to compel the Germans to accept and execute the allied indemnity demands.

Official announcement was made at 6:30 this evening that orders had been issued to the troops to move Tuesday. The conference broke up shortly after six o'clock.

(International News Service)

COLOGNE, March 7.—All great headquarters for the command of an advance into Germany to compel the Germans to meet the allied indemnity terms have been established here. It was understood today that British and French cavalry will be on the move at dawn tomorrow if the Germans balk at London.

By EARL C. REEVES  
International News Service Staff Correspondent

LONDON, March 7.—The indemnity conference has ended in a rupture and the negotiations have been discontinued, according to an official announcement by the French delegates this afternoon.

The French declare that the Germans have been notified their counter indemnity proposals were not acceptable to the allies.

The allied statesmen went into conference at Lancaster at noon after a conference at Premier Lloyd George's official residence at 10 Downing st.

The Germans had been playing for further delay and were hopeful during the morning that a final decision would be postponed until Germany could produce testimony from experts.

There were persistent reports that the allies had agreed upon new terms to lessen the German burdens. The Daily Telegraph said the allies would demand 108,000,000,000 gold marks indemnity instead of 226,000,000,000 gold marks, but that the exports tax would be increased to 30 per cent.

Premier Lloyd George, as spokesman for the allies, said: "although there is no doubt what the allies answer will be, owing to the gravity of the situation we are prepared to give a reasoned answer at St. James palace this afternoon."

The conference adjourned at 10:30 o'clock to meet again at 4:30.

Belgian delegates informed Belgium newspaper correspondents the conference had broken up and that the allies would put the action into effect at once.

Dr. Simons, German foreign minister, and head of the German delegation, outlined the German case. He began by saying that he could not accept the terms of the indemnity decision of the allies in their entirety.

"Because of difference of opinion we have abandoned the idea of presenting a new plan," said the German foreign minister.

"Even the allied experts cannot foresee the final amount Germany is being called upon to pay. It would be impossible to forecast the big total until five years have elapsed."

The Central News this afternoon quoted Dr. Simons as saying that Germany would appeal to the League of Nations against the penalties which the allies have drawn up to compel obedience.

Although Germany is not a member of the League of Nations, Dr. Simons claimed the protection of the league covenant in his speech to the premiers.

The German foreign minister contended the allied penalties, which were drawn up under Articles 15 and 17 were illegal.

At 8 o'clock this afternoon the International News Service was officially informed that the verdict of the allied premiers upon the German proposals was "unqualified rejection."

A. Bonar Law, in a private speech at the Constitutional club, said it was most unlikely that the allies would accept the provisional indemnity terms proposed by Germany.

"The situation is very unsatisfactory and most serious," he said.

## FIRST MEETING NEW CABINET TUESDAY

By GEORGE T. HOLMES  
International News Service Staff Correspondent

WASHINGTON, March 7.—The first cabinet meeting of the new administration will take place tomorrow morning. The White House today issued a call for the initial session at 9 a. m. The promise given by President Harding that he would provide a place in the cabinet for the Vice President will be fulfilled.

Vice President Coolidge received his invitation with the regular cabinet members.

The new President undertook a strenuous day's activities today. Although his scheduled engagements did not begin until 10 o'clock, Mr. Harding was at his desk before 8:30 a. m. Secretary of State Charles E. Hughes broke in on the President's early work and the two conferred for a short time on the Panama-Costa Rica situation.

A long line of Senators and Representatives went through the President's room during the morning for conferences.

Former Senator Chamberlain, of Oregon, Democrat, was the first caller on the President's lists. Chamberlain has been informed that he becomes a member of the new shipping board, and it is believed his nomination will be sent to the Senate in the near future.

Senator Calder, of New York, urged upon the President the needs of immediately filling the two vacancies in the war finance corporation.

## GLENN E. PLUMB TO SPEAK IN ALABAMA

Glenn E. Plumb, author of the "Plumb Plan" for the operation of American railroads, will deliver four addresses in Alabama this month, according to a report in local labor circles today.

It is understood Mr. Plumb will open his speaking campaign in Albany at a date to be announced later and that he will then speak in Birmingham, Montgomery and Selma.

## SHOP TEAM TO BE FORMED TUESDAY

Announcement was made today by Wilson Thompson that a meeting will be held at 7:30 o'clock Tuesday night at the Masonic Theatre to organize a baseball team for the Louisville and Nashville shops. It is the intention of the club to sign both amateurs and semi-pros. Mr. Thompson stated and anyone interested in the formation of the club was extended a cordial invitation to attend the meeting.

The club will take steps to enter the proposed city league, Mr. Thompson announced.

## THE INAUGURAL ADDRESS

Some expressions used in President Harding's inaugural address: "At time of regret, but new hope," "Divine inspiring of the founding fathers," with brief explanations. Founders of America, having reference to the wisdom of the "Non-involvement," having reference to Harding's unwillingness to enter the league of nations.

"We recognize the new order made by closer contact," having reference to this nation's new international obligations. "Exercise of national sovereignty" having reference to Harding's wish, that this nation settle all questions without the aid or consent of any other nation, or group of nations.

"Freedom impelled the independence inspired," "Preserved civilization" have reference to the world civilization as it now stands. "No civilization can survive repudiation." Evidently a stroke at the doctrine of the Bolsheviks, and others who have purposed that certain war debts be not paid. "The last sorrowful and final sacrifice of international war shall have been written" and vague reference to the ending of wars between nations, "Onward normal way. Still another way of referring to 'normalcy'."

"Relations between labor and management have been strained." A truth that needs no comment.

"Perhaps never will the old levels of wage again return," "the world is thirsting for the cup of good will," "as genius opens up larger opportunities, there should be greater justice and happiness," "what more is required of thee; but to love mercy do justly and walk humbly why thy God." A scripture quotation used near the last of Mr. Harding's address.

## EDUCATING MEXICANS IN THE UNITED STATES

There is a movement on foot for the education of a large number of young Mexicans of the better class in the colleges and universities of the United States, the object being to bring about a better understanding between the peoples of the two countries, and a closer relationship socially speaking.

Already a considerable number of Mexican young men, have been enrolled in universities throughout Texas and the Southwest, and the results have been most satisfactory. It is said that these Mexican boys learn rapidly, and readily absorb, the ideals pertaining to American institutions. It is believed that after these young Mexicans have become better acquainted with our country, have come in close touch with American institutions, and have been made to realize and understand what our civilization means, that they will go back home and create a sentiment among their countrymen far more favorable to the United States than has heretofore existed.

This is a matter of great importance, for Mexico and the United States should get closer together, they should stand side by side, in mutual understanding and helpfulness with each other. Mexico is a land of magnificent mineral and material resources, all it needs is development of those resources to make it one of the richest nations on the globe. The interests of Mexico and the United States should be mutual, they should be close friends instead of partially antagonistic. They should be ready at any time to fight shoulder to shoulder against a foreign foe.

If American business methods were adopted in Mexico and American industrial methods were put to work, the mineral resources of that country would undergo rapid development. If this is attempted to be done in a manner that would be mutually profitable to both Mexicans and Americans, we feel sure that a commercial approachment would be speedily reached that would be most satisfactory to both countries.

It is our opinion that the best and quickest method of bringing about a satisfactory understanding between the two nations, would be an exchange of scholarships by the thousand as has been proposed. Then Americans could become as well acquainted with the institutions of Mexico as Mexicans would become familiar with ours, all difficulties and misunderstandings would be speedily smothered out, and mutual amity would exist all around.—Rome Tribune.

## CHURCH ADVERTISING

Here are some of the replies which the author received:

"We spend \$1,200 a year for advertising, keep our church jammed with 3,000 people, get an

average of \$200 a Sunday in loose collections over and above all regular contributions. The \$25 a week spent for advertising brings in \$100 at least, so we make \$75 a week on the proposition and have the additional people to preach to besides."

"Spent \$60 on publicity in October and received in contributions and pledges in special offerings outside the regular weekly contributions."

"My increase has been tenfold or more of the expense, and then the results are innumerable."

"Would say that experience would demonstrate the fact that when advertising is wisely done, it more than pays for itself in extra collections, aside from the influence of reaching more people."

"The consequent increased collections pay for the advertising. Then you have the advantage of having more people to preach to without any extra expense."

Upon some of the other results of advertising the following replies were received:

"Attendance is better and we can never know in this world the good results of the printed sheet, many of which do good while they do not lead to church attendance."

"An advertisement, like a tract, may turn the course of some person's life. We make a mistake in measuring the results by the collection plate. They will yield returns some day to the kingdom of God."

"Keeping the church in the people's mind keeps them thinking about religion."

"Advertising has greatly helped in my work, even increasing the attendance forty per cent."

"It aids in securing an audience and adds to the membership in proportion to the ability of the preacher to present the gospel of Jesus Christ as the Divine Savior from sin."

"My own experience has proven that by following up the advertising with personal work, the membership has been increased one-third in less than three years."—Baptist Publicity Handbook.

## A TRAIN OF THOUGHTS FOR SABBATH AND OTHER DAYS

By J. E. Blair

Sharing is just another name for living. Physically, if your body cannot "share" the nutriment in the food you eat, death will ensue. In love affairs, if the girl in the case does not "return" or share the love you bear for her, the match you would make is soon at an end. In business, if all concerned do not share in the labor and responsibilities of the day, closed doors and a bankrupt notice is the final result. In society, if you do not share your thoughts with others, or if they in turn refuse to share their thoughts with you, there are awkward pauses and at last, conversation ceases all together.

That vital soul relation, which must exist between individuals if they are happy together and which must exist between you and your Maker if you are to "enjoy Him forever," is dependant on the far reaching principle of sharing. This truth is expressed in the Scripture command: "Weep with those that weep; rejoice with those that rejoice." When you rejoice with me in good fortune, we become fast friends. But suppose you rejoice at me in some bad fortune. Then it will take all the grace of God available, to keep me from hating your existence.

Suppose you should weep with me, when I am sad and lonely—then you have fulfilled a mission—as great a mission as can ever be accomplished by the best of human beings, or even by the angels themselves. There was one who once came out of a hard experience declaring—"Laugh and the world laughs with you; weep and you weep alone." If that expression properly describes the "world," do you not think the world is pretty hard and bad? Because the world does not rejoice with us, nor weep with us, is the very thing about the world—that makes it the world. "Sharelessness" makes this world a "wilderness of woe" and a homeless place!

Emphatically it is not, primarily, because the ten commandments are broken—not first of all because of the wrong acts that are committed—that life becomes a kind of earthly hell, and that so many hidden wounds abide.

It is the things people will not do, their failure to be truly polite, their failure to be responsive, their inability to speak words of comfort and endearment—their failure to share—these are the vital failure! We should ever remember that at the last day Christ is not described as saying to those on the left, "you were so bad, I cannot use you"; but He is described as saying: "In as much as ye did it not, depart," etc. If you rejoice with me, you promote love, and love the good book says "casteth out fear," so sharing, makes us bold and free. The opposite of sharing, is ignoring, which in turn is certainly the subtlest kind of insult. To ignore one is like putting a corpse before his face; in fact a person who will ignore another is a spiritual corpse!

Finally, take those who mean well, if they share not, what do they amount to? If you have a teacher, but he is unable to share his life with you, what does his instruction amount to—it comes to you like a dead thing, and it will hardly take root in your mind. If you have a preacher, and he preaches "at" you and fails to "share" with you, what profiteth it! Because love is the only thing that will surely and absolutely make you share, is what makes love priceless, and explains why it is considered not inappropriate to describe God himself, as love.

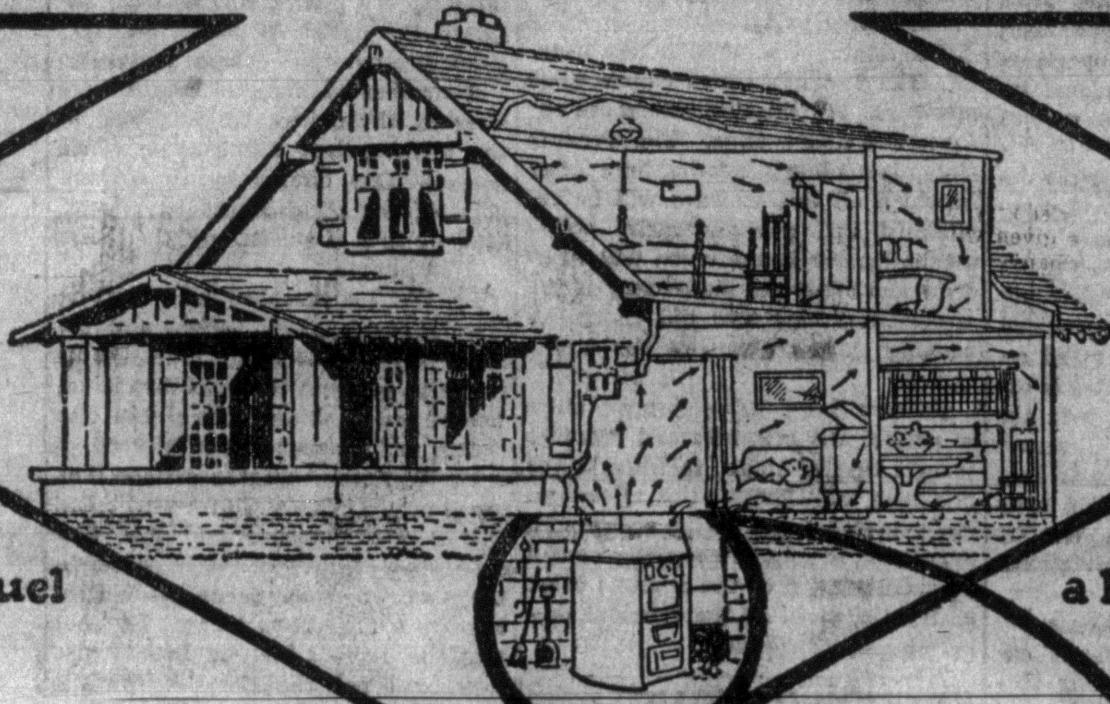

## MAY WE THOUGHTFULLY SAY

"You Should Avail Yourself at Once of This Ten-Day Offer on Heating Systems"

When we recommend to you that NOW is the time to contract for your heating system, there are good, sound reasons for the advice. It sounds like an old story to repeat that this country is short 3,000,000 homes. If you look around this community—inquire of your contractors, architects, or builders—you will sense just how important is this problem. It is impossible to build in this country three million heating systems this year, or even one million heating systems. Now add to this shortage of homes the fact that one out of every three heating systems now in use, should be replaced, and you will sense the fact that those who contract now will be sure of having their heating system installed before fall and thereby save regrets, disappointments, and at the same time, purchase at the lowest possible price. We have made every arrangement to place these heating systems within the reach of home owners PROVIDING they avail themselves of this TEN-DAY OFFER. Now just a word about this powerful heating system:

## ROUND OAK PIPELESS HEATING SYSTEM

Heater Burns Any Fuel

Heater Lasts a Lifetime

## Safeguards, Comfort and Health

Heats your entire house, large or small, upstairs and down, old or new, city or country, flooding it with an abundant supply of pure, warm, everchanging, moist air, permanently free from dust, gas, or smoke. Safeguards the welfare of your family by warming the home to a comfortable temperature in any weather. Affords you the most convenient, easiest operated, simply regulated, safest, quickest heating, modern system you can own. Burns any kind of fuel, coal, or wood, and saves 1-4 to 1-3 of your fuel bill. Saves you many dollars in cost, compared to other types of heating systems. Increases the value of your property more than the amount invested in its purchase.

## Facts about putting it in

Requires no space in rooms, least space in basement, easiest, least expensive and quickest to install in new or old buildings, does not warm basement enough to necessitate building special closet for storage of fruits and vegetables, reduces fire risk, will last a lifetime, barring abuse.

Unusual terms will be arranged for all who contract during this 10-Day Sale

## PRICES GUARANTEED UP TO DEC. 1

Should the manufacturers lower the prices later in the season, which is entirely beyond any expectation, we pledge to you that we will refund such an amount. You see that there is no possible chance that you take by contracting at once.

We have been trying to make the ownership of a Round Oak practical and convenient for you. A reasonable deposit and convenient monthly payments will make you the happy possessor of one of these heating systems—by next winter it will be entirely yours, without materially interfering with your present money plans. How much more practical and convenient this is than to delay the investment and then be forced to expend considerable of your savings at a time when it is necessary to purchase coal, winter clothing, and other necessities. If you remember that you can possess one of these heating systems at the lowest possible price this year—right now—why shouldn't you contract immediately? It can be installed at your convenience.

## YOUR PROTECTION—OUR GUARANTEE

The Round Oak Folks have produced strictly high grade heating systems for more than two generations. Their free engineering service backed by this proved heating system commands our guarantee. The Round Oak Pipeless Heating System will be installed only with our guarantee of a thoroughly heated home. No contract is complete with us until you are entirely satisfied. In every case the heater is installed according to blue-prints supplied us by the Round Oak Engineering Department.

After reviewing these facts, you are, we are certain, complimenting your foresight and business judgment by making a personal investigation—at once.

Huntsville Home  
of New Writer of  
Feature Picture

The announcement that her novel, "The Other Woman" is being made into a motion picture will be welcome news to the thousands of friends of Nora Davis, of Huntsville, Ala., whose novels have been steadily growing in popular favor.

The announcement is made by Stephen Grow, Atlanta manager of the W. W. Hodkinson Corporation, who states that the picture will be shown in the South early in March.

Mr. Hodkinson has made an elaborate production of Miss Davis' novel. He has gathered for it one of the largest casts of stars ever put in a picture.

Miss Davis will soon have the opportunity of seeing her novel pictured, and it is predicted that the production will have a great success in the South, where Miss Davis is well known.

He Declares

Miss Ella Dale, Morgan County's Health Nurse, has arrived and began work this morning. Miss Dale will assist in the examination of the school children in whom physical defects are found to visit the homes of the school children in which physical defects are found to emphasize to the parents the importance of having these defects remedied, Dr. B. F. Austin announced.

"A public health nurse is not a charity nurse. She does not do any private duty nursing. I make this statement hoping that it will prevent our having to answer such questions as 'What are you going to do if there are two people sick in the county at the same time?' The nurse is just a part of the Health Department and as all know the duty of a Health Department is to prevent disease and not to treat it," Dr. Austin stated.

Miss Jessie L. Marrison, State Director of the Bureau of Child Hygiene and Public Health Nursing will be in Morgan County for two days next week for the purpose of presenting her phase of public health work to the ladies' clubs, missionary societies, etc. Meetings will be held in Albany-Decatur and Hartselle. The public is cordially invited and all those who are interested are especially urged to be present.

BEFORE SPRING  
COMES, TONE  
UP YOUR BLOOD

Your Blood Needs the Help of Gude's Pepto-Mangan in Spring time to Overcome Drowsy, Listless Feelings Called "Spring Fever"

PALE FACES CAUSED BY BAD  
BLOOD

That Tired, All-Gone Feeling a Danger Signal That Your Blood Needs This Splendid Spring Tonic

The blood that courses through your body in the arteries and veins is of the most vital importance to the healthy life of the body. The little red corpuscles are what carry life to the millions of cells that make up your body. The blood is also the vehicle that carries away most, if not all, of the waste products.

Springtime is the season when the body adjusts itself from the rigors of winter to the heat of summer. You notice how much sickness there is in the Spring? Perhaps there are weeks when you feel drowsy and listless, and you call it "Spring Fever." It is really your blood that has become weak and thin, and it needs help.

Take that good blood tonic—Gude's Pepto-Mangan. It will give the red corpuscles in your blood new power to carry fresh oxygen to the cells all over the body. You'll notice a change for the better in a few days. It brings the color back to pale faces and lifts you out of tired, all-gone feelings so that you enjoy full vigor.

Spring is the time for a good blood tonic. Take Gude's Pepto-Mangan so that you can enjoy the most beautiful season of the year. Get it at your druggists' but be sure it is the genuine, with "Gude's Pepto-Mangan" printed on the package. It is sold in both tablet and liquid form. They have exactly the same medicinal value.—Advertisement.

COTTON MARKET  
SHOWS STRENGTH

(Montgomery Bureau Albany-Decatur Daily)

MONTGOMERY, Ala., March 7.—Statistics compiled by T. N. Benner, statistician of the state department of education, showed that Montgomery county's white rural elementary schools lead all others in efficiency, third and Jackson at the bottom of the list.

The statistics made public by the department today also show that Jefferson county's negro rural elementary schools are first in their class, Chamber second, Mobile third and Cullman fourth.

In reaching the standing of the schools in the various counties, local conditions had such effect. Mr. Benner said. "In some cases, the remedy lies within the county in better enforcement of the school laws, in better local support, in the creation of a demand for better teachers, construction of better roads or in closer co-operation; in others, it may lie outside the county in further equalization of educational opportunities between counties, in enlargement of the teacher training facilities of the state, in further extension of the counties' right to tax themselves for school support."

The relative standing of all rural elementary schools for white children in all counties listed alphabetically follows:

Autauga 31, Baldwin 13, Barbour 54, Bibb 14, Blount 49, Bullock 16, Butler 34, Calhoun 25, Chambers 3, Cherokee 65, Chilton 53, Choctaw 32, Clarke 61, Clay 27, Cleburne 66, Coffee 12, Colbert 23, Concho 17, Coss 19, Covington 64, Crenshaw 45, Cullman 41, Dale 21, Dallas 5, DeKalb 43, Elmore 6, Escambia 33, Etowah 60, Fayette 63, Franklin 57, Geneva 50, Greene 43, Hale 28, Henry 37, Houston 32, Jackson 67, Jefferson 2, Lamar 47, Lauderdale 12, Lawrence 60, Lee 20, Limestone 26, Lowndes 58, Macon 7, Madison 18, Marengo 9, Marion 40, Marshall 38, Mobile 8, Monroe 15, Montgomery 1, Morgan 59, Perry 20, Pickens 16, Pike 35, Randolph 24, Russell 4, Shelby 55, St. Clair 36, Sumter 11, Talladega 51, Tallapoosa 44, Tuscaloosa 29, Walker 39, Washington 56, Wilcox 22, Winston 52.

## Elderly People Need This In Medicine Chest

To relieve chronic constipation, always  
keep a bottle of Dr. Caldwell's  
Syrup Pepsin handy.

NEARLY all people as they advance  
in age suffer from chronic constipation.  
Many, however, are indifferent to the  
laxative they use, on the theory that  
"they are all alike." That is a great  
mistake.

Dr. Caldwell's Syrup Pepsin, for example,  
is a mild, gentle liquid laxative, and  
it does not lose its effect with repeated  
use. It so trains the bowel muscles that  
in time medicines of all kinds can be  
dispensed with.

A sixty-cent bottle of Dr. Caldwell's  
Syrup Pepsin will last many months.  
The prescription was written thirty  
years ago by Dr. W. B. Caldwell, a well-  
known family doctor, who is himself  
now in his 82nd year and can appreciate  
what chronic constipation must mean to  
elderly people; how it brings on  
headaches, colds, loss of appetite and  
sleep, heaviness and a general dull feeling.

Every home that has an elderly man  
or woman should be provided with a  
bottle of Dr. Caldwell's Syrup Pepsin.  
Eight million bottles were bought at  
drug stores last year. It is a truly  
wonderful constipation remedy.

### TRY IT FREE

### BIRTHDAY DINNER FOR MRS. TRUSS

Thursday, March 3rd the 80th birthday anniversary of Mrs. Fannie (Grandma) Truss was celebrated. A large number of friends gathered at the home of her granddaughter, Mrs. Hazel Brothers to give Grandma a surprise birthday dinner. Each guest came laden with good things to eat, which were spread on a long table on the front veranda. The table which was covered with every thing good to eat, and centered with a large birthday cake, (presented by Mrs. J. B. Moyer) and decorated with eighty-six pink candles. Many beautiful and useful gifts were received by Grandma. The guests departed late in afternoon wishing for her many more happy birthdays. Those enjoying this occasion with the honoree were Mesdames J. David, Warren Allen, Morris, Elizabeth Renegar, Otto Pettey Charles Hardeman, Walker, Richard Robinson, and Owens, Allen Coyle James Smith and children, J. B. McBride and child, H. E. ## \$600,000,000 Spent In Advertising in Newspapers in 1920

NEARLY ONE-HALF OF THE TOTAL VOLUME WENT TO DAILIES

Newspapers lead in the total volume of advertising in 1920, according to figures quoted at noon yesterday by Daniel A. Ruebel, vice president of Chappelow Advertising Company and president of the Advertising Club, in address before the American Specialty Manufacturers' Association at the American Annex.

The total amount of money spent in advertising in 1920 was \$1,284,000,000, according to Ruebel. Of this amount almost one-half, or \$600,000,000 went into newspapers. The amounts represented in the other channels of advertising were as follows:

Direct mail, \$300,000,000.  
Magazines, \$150,000,000.  
Business papers, \$70,000,000.  
Novelties, \$30,000,000.  
Electric and painted signs, \$30,000,000.  
Farm papers, \$27,000,000.  
Demonstrating and sampling, \$24,000,000.  
Window and store display, \$20,000,000.  
Bill posting, \$12,000,000.  
Street car cards, \$11,000,000.

Ruebel presented a number of specific instances to show that advertising does not increase the cost to the consumer. He also related interesting facts in connection with a large number of outstanding advertising successes and present figures in connection with trademark values created as a result of advertising. He predicted that advertising in 1921 would be greater than that of 1920 because manufacturers were looking to advertising as a means of maintaining their good will with their trade.

J. A. Knudson, President of the association, who is district sales manager of the Welch Grape Juicy Company, conducted the meeting.
